**DOUBT REPORTS OF CASUALTIES IN HONDURAS**

KILLING OF SAILORS IS UNCONFIRMED, SAYS WASHINGTON.

**READY FOR MOVE**

Uncle Sam Prepared to Deal Firmly With Situation if Necessary.

[BY ASSOCIATED PRESS]

Washington—Overnight advice to the state and army departments contained no word of casualties among the American naval forces at Tegucigalpa, capital of Honduras, reported yesterday in unofficial messages from San Salvador.

Officials were inclined to accept the lack of any official report as a hopeful sign. They pointed out that view of the disturbed conditions in Honduras, it would not be unusual if exaggerated versions of the situation had trickled across the border into Salvador.

**Want Official Advice**

Comment on the situation in Honduras was withheld in administration quarters today, pending receipt of official advice relating to the reported killing of American blue-jackets during disturbances attending the revolution there.

The government, however, is known to be ready to deal firmly with the situation if necessary, a force of 167 sailors and nine officers of the cruiser Milwaukee having been stationed at Tegucigalpa, the capital, for several weeks for protection of the American legation and citizens.

**Unconfirmed Over Trend**

The state and army departments have observed the trend of conditions in Honduras with considerable concern since the government collapsed under the weight of rebel and direct advice were sought immediately after unofficial word of the killing of blue-jackets was received by way of San Salvador.

Additional official advice was sought today with reference to the conference arranged for yesterday between representatives of the Honduran ministry and revolutionaries, at the instance of Sumner Welles, American commissioner to the Dominican republic.

The United States has indicated the partition of Costa Rica, San Salvador, Nicaragua and Guatemala in a peace conference to be held at Amapala, Honduras.

**ODD FELLOWS OBSERVE 105TH ANNIVERSARY**

Three hundred and fifty men and women attended the one hundred and fifth anniversary of the order of Odd Fellows at the city hall, Thursday night, when a program and dance were given in celebration of the occasion. Janesville city leaders, including Mayor Daniel Hoan, attended the affair, which was arranged by the Odd Fellows and Rebekahs in attendance.

The speaker of the evening was the Rev. William H. Kunkin, pastor of the First Baptist church, who reviewed the history of the organization, told of its progress and its various achievements. Readings were given by Miss Vera Moorey and Miss Adeline Pichler and the American Legion quartet gave a group of songs.

Dancing was enjoyed until a late hour, with the orchestra playing. Those who had charge of the celebration were Charles Cox, Walter Schultz, Frank Groves, Charles Ward, Otto E. Smith and William Parish.

Washington—The McCadden bill to amend the national bank and federal reserve acts was ordered favorably reported today by the house banking committee.

**PEDESTRIAN OF 94 DIES AT MANITOWOC**

Manitowoc, Wis.—An elderly man, who despite his 94 years, insisted on walking from his home at Daniels to this city daily—four miles—died suddenly last night, after a long illness, and was buried here today.

A coroner's inquest was held in the city hall today to determine the cause of death. The jury found that the man died of natural causes, and that he was in good health when he died.

**Selling Beds Is a Soft Job**

Provided, of course, one does not lie down on the job.

When a certain salesman has finished his job, he has no more to do than to lie down on the job.

Results like this are something to sleep on, in fact.

The certain salesman that collected forty prospective customers in two days was a "For Sale" ad inserted in the Gazette classified columns by Mrs. Nell, 812 Holmes street.

Of course the bed and other articles she wanted to sell went quickly.

Results like this are not uncommon for the super-salesman, that works through the Gazette columns.

## Charles Murphy, Tammany Chief, Dies Suddenly

[BY ASSOCIATED PRESS]

New York.—Charles F. Murphy, leader of Tammany Hall, died at 9:30 a. m. today at his residence, 305 East 17th street, from acute indigestion.

Is Stricken Suddenly.

Mr. Murphy appeared in excellent health last night, according to his secretary, Daniel J. Ryan. He conferred with political associates and Tammany Hall, ate a hearty dinner and retired at the usual early hour.

Household servants related that the Tammany leader complained of suffering from indigestion at 8:15 p. m. as was his custom. At 8:30 he breakfasted and almost immediately afterward became ill of indigestion. He also complained of pressure over the heart.

Murphy's valet summoned Dr. John D. Murphy, who lived near by. Father Lawrence A. Hogan, of the Roman Catholic church of the Epiphany, Murphy's daughter, Mrs. James A. Foley, and her husband, Surgeon Foley.

A glance convinced the physician that the patient's heart had been stricken, that he was in great pain and near death. He was given a hypodermic stimulant and put to bed. Ten minutes later he died, with the priest, Surgeon and Mrs. Foley, Dr. Murphy and the servants at his bedside.

He remained conscious up to the last moment.

The Tammany leader, always taciturn, remained so up to the time of his death. To the doctor, who found him in the last room in agony, the man's greatest concern seemed to be one of surprise that he should suffer from indigestion, and of impotence that his heart should seem to have been affected. He did not suspect that his illness was fatal.

**Consensus to End.**

Mrs. Murphy was at Atlantic City when Mrs. Foley wired her that Mr. Murphy was very ill.

**DEATH IN MIST OF FOR SMITH**

[BY ASSOCIATED PRESS]

New York.—The death of Charles F. Murphy, chief of Tammany Hall, came at a time when he was actively engaged in promoting the campaign of his old friend, Governor Alfred E. Smith, for the democratic nomination for president.

The chief had a warm personal regard for the governor, who also had been prominent in the inner affairs of Tammany Hall for many years.

Tammany members recalled today Murphy's pride in the governor for his sweeping victory at the polls two years ago and the dramatic scene in the city hall when the governor, the leader joyfully slapped the governor on the back amid the greatest demonstration the famous hall had ever known.

**Made Great Plans.**

Murphy, according to his close associates, had been making elaborate plans for furthering the governor's candidacy for president and had made arrangements to go to French Lick, Ind., for a series of important conferences with various democratic leaders. What effect, if any, his death would have on the governor's candidacy was something which the authorities would venture no opinion.

News of the leader's death caused profound grief at Tammany Hall. Members, answering the flood of inquiries, declared that Murphy was both loved and feared.

Two hours after his death Tammany leaders and workers were slowly filtering into the famous old Wigwam, where they stood in small silent groups, their faces freely into the corridors came the shrill cry of the newsmen shouting their extras: "Charles Murphy dead."

The fragmentary conversation turned to politics. "What will this mean for Al Smith's candidacy?" There were many answers, but the general impression seemed to be that his death would have no harmful effect on the governor.

**Murphy Succeeded Croker.**

When Richard Croker abdicated the throne of Tammany, the political society which, for most of the time since 1860, has dominated the politics of the city, Murphy was chosen to succeed him. He was a native of New York, and named himself after the Croker of the city and county of New York and Manhattan, there was no question about the succession of Charles Murphy. He had passed through all the stages of a neophyte in Tammany, was a precinct captain, a district committeeman and a member of the Finance committee.

At the base of Tammany is not the president of Tammany—but chairman of the finance committee. That is how a chairman without other visible means of support, or a large salary may be able to do as did Croker, accumulate a fortune of seven figures. John Kelley and others before Croker were able to do the same thing. So has Murphy.

**Was Croker's Successor.**

But Murphy has been perhaps the most successful Tammany ever had. He has succeeded away from most of the scandals which have been a regular part of the life of Tammany since it was organized back in the closing years of the 18th century.

Crocker's money has come to Tammany in payment for special privilege, it has been established in several investigations by legislative action. Tammany only reorganized and went ahead with the same. Recently

## NORTHWEST SWEEP BY GOLD BLASTS, SNOW, LIGHTNING

[BY ASSOCIATED PRESS]

DAKOTAS, MINNESOTA ARE VISITED BY STORM; WIRES DOWN.

**DAMAGE IS HEAVY**

Poles Leveled, Trees Uprooted, Fires Started; Boats Seek Harbors.

[BY ASSOCIATED PRESS]

St. Paul.—A cold wave, with possible snow, blizzards, will follow the severe electrical storm which visited the northwest last night, according to reports here today.

Dispatches from Fargo, N. D., said the storm was sweeping across the Canadian northwest, and that a heavy snow storm was raging in the northwestern part of North Dakota. A dust storm was followed by heavy rains in eastern North Dakota last night.

Considerable damage resulted from the storm in the vicinity of the Twin Cities. In Minneapolis several buildings were struck by lightning, light and power wires were blown down and trees uprooted. Phenomenal snowed 22 miles in that city during the storm. In Helena township district, near Minneapolis, was struck by lightning and destroyed by fire.

Wire communication was interrupted with several towns were cut off from the twin cities.

Duluth reported that storm warnings had been posted on Lake Superior with a northwestern blowing. The Duluth-Superior harbor was blocked by a heavy field of ice and the steamer, Camille, bound for Superior from Port William, Ont., with 50,000 bushels of flax, was forced to return to Two Harbors, Minn., for shelter.

A big and a snow were leached in the harbor.

## Three Balloons Still in Clouds

[BY ASSOCIATED PRESS]

Kansas City, Mo.—Another of the seven balloons entered in the national elimination race that started from San Antonio, Tex., Wednesday was reported out early today when it was forced down by a storm near St. Ansgar, Iowa, leaving but three of the original entries in the running.

One of those still in the air was the "Goodbye Number 3," last reported to have passed over Voika City, Ia., near Davenport, about 1:15 p. m. from San Antonio.

The S-4, the last of the army entries to remain aloft had traveled approximately 1,200 miles when it ran into a storm. It was forced down by a storm near St. Ansgar, Iowa, leaving but three of the original entries in the running.

Neither the pilot Major Norman W. Peck, nor his aide, Lieut. W. A. Gray, was injured. The "Goodbye Number 3" was forced down by a storm near St. Ansgar, Iowa, leaving but three of the original entries in the running.

After a brief session the grand jury recessed until Monday.

## GROCERIES DISPLAY GARDEN PLANTS

Tomato and Cabbage Sets Arrive—Strawberries 19 to 25 Cents.

Tomato and cabbage plants two or three inches high growing in familiar flat wooden trays as received from the horticulturists, made their annual appearance in grocery stores this week, and are sold to the delight of the many who are anxious to start an early garden. They sell for about 15 cents a dozen. Fairy plants are the only flower plants so far, and are sold for 40 cents a dozen. Some of them are already large enough to be in blossom.

Gradual movement northward of the green vegetable line, may be seen each day now. Cucumbers, only last week received from the far south, and selling for 25 and 30 cents each, are now coming from southern Illinois, and have dropped to 15 to 20 cents each. A considerably reduced price on rhubarb, which is now coming from Illinois also, has come about and most stores have it at 10 cents a pound or three pounds for a quarter. Asparagus will also come from the same territory, arriving here by Saturday, and the price is expected to be lower than at present. Outdoor radishes will replace those shipped in from the far south and the house kind on Saturday's market, and are expected to be 7 to 10 cents a pound, about the same as now obtainable.

**Strawberries Take Drop**

In the fruit line, the feature of the week's trade has been the 10 to 15 cent drop on strawberries. Some dealers Friday were selling at 10 cents a pint, but many were up to 25 cents. Last week, 25 cents was the ordinary price. Wisconsin and Russell apples are "best sellers" in the markets this week and range from 5 to 10 cents a pound. A few of the delicious variety will remain, and are of fine quality, despite the lateness of the season. The cost of them is slightly higher at two pounds for 25 cents.

Bananas continue to sell at 10 cents a pound in all sections, and two stores, where they are up to 12 cents, though a raise in price has been predicted ever since the drop, more than a week ago. All of the fruit seen here is of good quality and large size. Spanish pineapples at 25 to 30 cents are unchanged in price since last week, but the quality has improved some with the advance of the season.

**Potatoes Are Higher**

Further increase in the price of old potatoes took place this week, and they are, in many cases up to 15 to 25 cents a bushel. Most dealers are selling them at \$1.25.

Other vegetables which have taken on another jump in price, bringing it up to 20 or 25 cents a bushel, are asparagus, which has been near the end of its season, and the green beans, which started their season last week, and the ordinary varieties which have been on the market all winter, make up a full line. The price on the new tomatoes and Texas beans is 10 cents.

Eggs at 20 cents, and butter at 41 to 42 cents a pound, remain steady with last week's prices. Stable vegetables and fruits are also unchanged.

## Churchill Sells Interurban Hotel

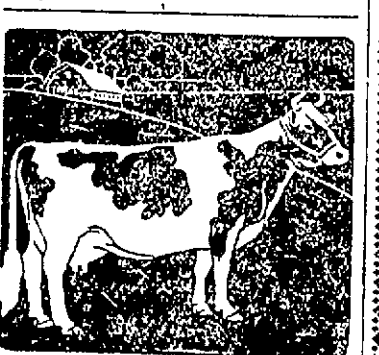

T. J. McNamara, Nowak, O., has purchased the Interurban hotel, South Franklin and Dodge street, from John Churchill and takes possession May 1.

Mr. and Mrs. Churchill, who recently came into prominence through the bequest of their friend, Clarence Boyce of one fox terrier dog, "Spot," and \$2,000 to assure the canine being cared for during the rest of its days, will take a trip through the country. They have been here five years, having formerly owned and operated the National hotel.

**Right Here in Janesville**

Twelve years ago we started selling Mapleine in Janesville. Yet on this 20th day of April there are still some women in this city who are not using it. Perhaps this is our fault. Perhaps we have not reminded you often enough. Or explained its many uses.

Mapleine is a syrup-maker. Through its use a rich and delicious syrup may be made for only 22c a quart. Mapleine is a flavoring—for icings, for cake-fillings, for sauces, for home-made candies. There are a hundred varied uses.

Your grocer sells Mapleine. Free recipes on request.

## POLICE GET LIST OF BACK TAXES

Will Call on 300 People Who Owe \$4,000 in 1923 Taxes

Policemen of Janesville assumed the role of tax collectors, Friday, when City Clerk-Treasurer A. J. (J.) turned over to them the names of several hundred people who have failed to pay their 1923 personal property and income taxes. The delinquent list totals approximately \$4,000, and includes 300 people.

These taxes were due Feb. 28 and after that date a five percent penalty was added. This penalty is still in effect and must be paid as a part of the taxes.

Putting the delinquent tax roll in the hands of police for collection represents the most determined effort made in years to get back taxes paid.

**PETITION FILED IN McLEAN ESTATE**

George McLean, Janesville resident, who died Monday, left an estate of \$82,000, according to the petition for administration of his estate filed Thursday in the Rock county probate court by his brother, E. C. McLean, of Rockford.

**REX Removes All Grease and Dirt!**

For all household cleaning for which soap is recommended Waddell's Rex Mineral Soap and note how much easier and more efficient it is. This perfect dirt solvent and water softener dissolves quickly in hot or cold water—and immediately goes to work. It injures nothing because it is a natural product, mined right from rock, and free from all animal fats. Ask for Waddell's Rex Mineral Soap and be sure that you get it.

**USE "DIMMERS" IN DRIVING ON LIGHTED STREETS, IS APPEAL**

Chief Charles Newman has again called upon patrolmen to stop all motorists driving cars at night without a tail-light or with only one head-light. He is also urging drivers to use their "dimmers" when driving in the downtown district and on other well lighted streets in the city as the "brights" are not only blinding to other drivers but to pedestrians as well.

## City News Briefs

**Society Heads Meet**—Representatives of nine patriotic organizations of Janesville were to meet in the city hall at 2:30 Friday afternoon to adopt a schedule for their meetings in the assembly hall on the third floor of the municipal building.

**Musical Program**—Tonight—The Jackson school Parent-Teacher association is sponsoring a musical program and dance at the school building at 8 p. m. Friday, and expectations are that a large crowd will attend.

**"CHARLIE" MURPHY, TAMMANY CHIEF, DIES SUDDENLY**  
(Continued from page 1.)

The organization has come into prominence by its backing of Al Smith for president. Murphy was close to Tom Taggart of Indiana, and George Brennan of Chicago, both smaller bosses in their own sections of the country, and it was understood this trio was out to kill off McAdoo and make Smith the candidate for president.

## Garbage Contract Expires May 15

City Manager Henry Traxler and the department of health are talking up the matter of the 1924-25 garbage collection contract and it is expected bids will be advertised for within a few days. Joseph Schneider, present holder of the contract, has given excellent service the past year, health officials declare, and it is expected he will be a bidder for the coming year's contract. Last year he was awarded the job on his bid of \$6,300. The contract expires May 15.

## CHARGED WITH USING ABUSIVE LANGUAGE

Charged with the use of abusive language in the Savoy cafe Tuesday, just Davis was arraigned in municipal court Friday, and upon his plea of not guilty his trial was set for May 2 at 10 a. m. The complaining witness is Margaret Dettchen, E. H. Ryan appeared for the state and L. A. Avery for the defendant.

## Says Greatness of Russia Should Be Fully Recognized

Because Russia has vast resources from the standpoint of agriculture, mining and lumbering, and because the present class, which constitutes the largest part of the population, is composed of people who are eager to learn and readily assimilate themselves, E. A. Markham, speaking at the church night supper of Congregational church, Thursday night, urged his hearers to consider Russia as a whole country.

Mr. Markham spent a year in Russia during the war, distributing relief supplies under the auspices of the Y. M. C. A. In his contact with the people, he said he found that they were kind, hospitable, courageous and intelligent. The women, he said, are especially hopeful and always look on

the bright side of life. "Russia is so important," Mr. Markham said, "that other nations cannot help but recognize here in international economic questions. There are more than one hundred millions of the present class in Russia. These people are not at present able to make enough from an economic standpoint to allow for much of a program of education."

Because the country is so important and its people so capable, the speaker urged the people of this country to be ready to step in and give assistance when there is an international plan for support.

Mighty attended supper, which preceded the talk. The Rev. and Mrs. Frank Scribner are spending several days at Hillsboro, N. H., their former home.

**Atten**—The Rock County Farm Bureau will give a booster party in Brinkman's hall next Monday night. Leaver's orchestra of Joliet will furnish the music.

## 11-A GIRLS WINNERS OF CHAMPIONSHIP

As a result of the final game of the girls' basketball tournament Wednesday, the 11-A class was declared school champion. Its team defeated the 11-B's, 20-17. In one of the closest contests during the entire tournament, Gladys Miller and Peg Hemmings made most baskets. The losing team captured most of its baskets in the last half, when a burst of speed brought them from a 14-8 score to the final, only three points behind.

## Raw Weather to

## Continue Saturday

Thunder showers in Janesville and snow in North Dakota was the weather forecast Friday. It will be followed in this locality with rainy, cool, miserable weather on Saturday, says Mr. Weather Man.

The temperature Friday was 50 degrees at 8 a. m. and 57 at noon, which was 12 degrees lower than the lazy spring atmosphere of Thursday. Heavy stories of Janesville are already noting that the farmers are out in the fields getting ready with the summer's crop. Bus lines and railroads are experiencing a light falling off in traffic as roads have become attractive for the auto owner.

Noise cleaning started in earnest, Thursday. Some folks were taking off the storm windows on Friday and putting up the screens. The painters and the decorators are at work in many places, while builders have started with renewed vigor.

## Beloit Students Here for Contest

Contestants from Beloit for the annual league debating and oratorical contest to be held in the local high school at 5 p. m. Friday were expected to arrive here late in the afternoon. Friday morning was spent in securing judges for the contest. Those announced up to noon were Miss Jean Heard, of the University High school, Madison, and Principal Randall of the East side high school, Madison. The third had not been secured at that hour.

## S. S. WORKERS OF STATE WILL MEET

(BY ASSOCIATED PRESS)  
 Oshkosh—Sunday school workers of the state will have two big sectional conventions next week under the auspices of the Wisconsin Christian Education council with headquarters at Oshkosh on Monday, Tuesday and Wednesday, those from the southern and eastern parts of Wisconsin will gather at Fond du Lac. TODAY'S MARKET

GRAIN

**Chicago.**—Wheat prices showed moderate upward tendencies today in the early dealings. Firmness of quotations at Liverpool gave some little encouragement to buyers here. Trade, however, lacked volume, being for the most part of a local character. The opening, which ranged from 1 1/2c off to 1 1/2c advance, with May 1.05 1/2c, and July 1.05 1/2c, was followed by fractional gains all around. Unfavorable weather for field work in the northwest led to considerable buying later and gave a further lift to prices. The close was firm, May 1.05 1/2c, July 1.05 1/2c, and September 1.05 1/2c. Despatched somewhat enlarged receipts here, corn responded to wheat strength. After opening at 1/2c decline to 1/2c advance, May 75 1/2c, and the market scored a slight general upturn. Much of the day's business consisted in changing from May into more distant deliveries. The market closed firm, May 75 1/2c, and the market scored a slight general upturn. ## WILL START CITY PAVING, MONDAY

Curb and Gutter Work on Pleasant Street First Job for Birdsall.

With equipment being loaded at this time by the R. R. Birdsall & Sons company for immediate shipment to Janesville, actual work on the city's nine-mile concrete paving program is expected to start Monday, City Manager Henry Traxler announced Friday. The contracting firm will start work on Pleasant street, building curb and gutter first in the city. It has not been laid in previous years.

Is Elkhorn Block Job. The Pleasant street job is eight blocks long, extending from the Five Points crossing west to the intersection of Oak Hill avenue. It will be done with the aid of the brick pavement on West Milwaukee street and that on Center avenue and eventually will be connected with concrete already laid for the new route 20, starting at the city limits.

Crews of city workers have been busy on Pleasant street all week, laying out the curb and gutter. This work is being speeded up to the greatest possible point in order that no interference will be caused the paving contractor.

Prepared Paving Notices. City Clerk-Treasurer A. J. Olsen is drawing up election to pay notices to be mailed out Saturday to the property owners on every street to be paved this year. These notices will contain the assessment figures as levied and a blank to be filled out if the owner desires to pay cash, all as soon as the paving is completed.

It is important that these notices be filled out promptly and be returned to the city clerk by May 15. Where a notice is not returned, the city is forced to pay in cash at the time the paving is completed, say \$100, the property owner should so state in his notice to the city clerk. Bonds can then be issued to cover the balance due, to be paid by the property owner with his taxes in equal installments over a 10-year period. People failing to return their notices by May 15 will be considered as desiring to have bonds issued against their property and they will be prepared after that date. Under no condition will anyone be allowed to pay cash, in full or part, upon completion of the paving if he fails to notify the clerk by May 15.

## Peoria Paving Plan Outlined

Requesting information on what Janesville is paying for paving, the city manager has received a letter from Mayor Edward N. Woodruff, Peoria, Ill., containing an estimate of the city engineer for the cost of paving. But the city is not in a city with brick on a five-inch concrete base.

The letter is interesting here, not only for its estimates on paving—\$27.75 a yard for paving and 75 cents for excavation combined to \$1.33 and 52 cents, local contract prices—but also for the reference concerning the paving of intersections.

The city, says the Peoria letter, "pays nothing towards this on any street paving project. The entire cost, including intersections, is borne by the abutting property fronting on the pavement."

In Janesville the suggestion was made early in the 1921 paving discussion that the property owners pay part of the cost. In that year the city was later decided to have the city bear this burden.

## MRS. SEIDEL GETS DIVORCE

Milwaukee.—Mrs. Lucy Gelschen Seidel, 65, who, as the wife of the former socialist mayor, Emil Seidel, was the first lady of Milwaukee, was granted a divorce from Seidel on grounds of non-support. Seidel now is an employee on the farm of a brother at Fern, Wis.

Mrs. Seidel accepted a \$250 bond and \$5 a year in lieu of alimony.

The divorce was not contested.

## CONDENSARIES ASK TEN HOUR SCHEDULE

Madison.—Hearing on application of Wisconsin condensaries for revision of regulations on women's working hours, was begun before the state industrial commission here today. The representatives of condensaries requested that the regulations be so modified as to permit employment of women for 10 hours a day and fifty hours a week.

Considerable opposition is expected to the proposal. Present legislative regulations call for nine hours employed per day and fifty hours per week.

It was contended by condensationists that because of the nature of their work, it is impossible to employ women if they cannot work ten hours per day. It also was requested that the schedule be modified particularly to the summer season.

## HELD VIOLATION OF STAMP STATUTE

Madison.—Giving credit stores or cash slips by merchandising stores for the purchase of merchandise without the stamp, is a violation of the state trading stamp law, District Attorney G. A. Shneyer, of Milwaukee, was informed today by Assistant Attorney General Mortimer Levin.

## WISCONSIN TOBACCO MARKET

Edgerton.—The Wisconsin Tobacco Reporter Friday says: "Growth in the 1923 crop under way. Seed beds are being fertilized and weeds sprouted ready for weeding when conditions are favorable. The unseasonable weather of the spring has delayed this work somewhat, but the coming of warmer days will see the beds put in with a rush. Already a few growers have their beds sown, but generally more favorable weather conditions are awaited. As a general rule Wisconsin growers start their beds the latter week or first days of April, and with ordinary conditions, the plants are ready for transplanting at the usual time. Late snows and numerous rains have given the soil abundant moisture, showing a tendency toward increase and others toward a decrease.

The matter of acreage is still a subject for much speculation. The federal report says a slight decrease in the Wisconsin acreage. The local bulletin says a decided increase; and opinions vary from observation in different localities, some showing a tendency toward increase and others toward a decrease.

Trading in the market offers but very little news. The independent crops are pretty closely picked up and the buying movement is easing away in accordance.

Large deliveries are being made in this market of seed of the late-planting and Myers purchase, which will continue for about eight days steadily. W. H. Johnson & Son opened their warehouse at Reedsburg for packing operations on Wednesday.

## Must Vote Full Vocational Tax

Madison.—It is mandatory for a city council to vote the full mill tax to use funds to conduct a municipal vocational school in case money from state aid and other sources are not sufficient, Assistant Attorney General E. E. Bump ruled in an opinion today to George E. Humberich, state vocational director. The ruling was issued in connection with a proposed vocational building at Oshkosh.

It was further held that the council may provide for repayment of funds by installments.

## LAKE MILLS

Lake Mills.—The region comprising the Aztlan Indian mounds has been set aside as a state park. These mounds are considered the finest in the United States. Lake Mills, because of the proximity of its tourist camp at Tyrone Park to these mounds, is expecting many tourists this summer.

The W. C. T. U. meeting, held at the home of Mrs. B. B. Vandervoort, Thursday, was well attended. An "Americanization and Citizenship" program was given.

The pupils of the eighth grade are writing a prize essay on subject as outlined by the State W. C. T. U. under the supervision of the local W. C. T. U. and under the direction of Miss Elizabeth Davies. Letters were written to the congressmen by the local organization, asking them to vote against any amendment to the prohibition law. Letters in reply were read at the meeting and in reading the letter to Congress from Volke it was learned that he was not in favor of prohibition and never voted for it.

Members of the high school orchestra, who are to participate in the music festival to be held in Madison, May 8 and 9, are as follows: Almond Vandre, William Schroeder, Harvey Carrie and Chester Roberts, violins; Frank Nutter, Genevieve Schaefer, and Marian Stewart, mandolins; Kenneth Wagner, Harold Graf, and Harold Nutter, trumpets; Homer Barr, trombone; William Wagner and Allan Haddick, clarinets; Edna Clark, saxophone; Jack Smith, piano accompanist; Selection, Lutzpelt, Harvey Currie, solo number; violin; Claude Cole, accompanist; selection, Squyvisir by Drell.

Members of the senior class of the high school are practicing a minuet, to be given in costume soon. The program is under the direction of Miss Elsie F. Schmidt, history instructor.

## APOLLO THEATRE

## CHEVROLET COUPE AWARD BIG HOAX

Allen Dunwiddie, Champion Kiwanis Bowler, Given Only Toy Model.

"One of the greatest hoaxes ever perpetrated in Janesville was exposed Thursday night by G. J. Gates, sales manager of the Chevrolet Motor company, at the weekly meeting of the Kiwanis club at the Chevrolet club house, when he presented Allan Dunwiddie, supposed winner of a Chevrolet coupe, by rolling high game score in the Kiwanis bowling league, with a toy model.

The banquet, at which the club was the guest of the Chevrolet Motor company, was arranged for the presentation of the automobile to Mr. Dunwiddie and the climax came as much of a surprise to others as it did to the assistant secretary, who on two occasions bowed 214, an unbroken score during the tournament. Interest in the club bowling league had been stimulated by the announced intention of the Chevrolet company to present the member bowling the high single game score with a Chevrolet coupe. The announcement at the time created much surprise but was explained as being in need with the plan to give away one car a year.

It was a splendid banquet at which the Kiwanians were entertained. A three-course supper was served at tables decorated with sweet peas and entertainment was of a high type. Kiwanian James Goddard, Bloomington, Ill., in his admirable way, sang several classics, including "Dawn" and the "Two Gentlemen" by Schuman, with recommendations by Mrs. W. L. Duttle. Other music was furnished by Dr. Thomas J. Snodgrass and Dr. S. F. Richards, and the club sang several songs, led by Dr. Snodgrass, and the newest with Henry Traxler, its composer, as the leader. The Chevrolet orchestra played.

Chas. Turner, an employee of the Chevrolet, delighted his audience with a display of hand tricks.

As the program support. An appeal for support of the playgrounds was made by Kiwanian, E. S. Lamoreaux, who declared that last year the attendance was more than 61,000 and the per capita cost to the city but a few cents. He asked whether the quality of good citizenship developed at the playgrounds were not worth the amount which Janesville yearly expends, its pointed to the fine sportsmanship developed in the youth through the playground work which will influence their character as they develop into the future citizens.

"The playground movement is not a local one but nation wide, being

## GET TOGETHER ON LENROOT MEASURE

Investigation of Northern Pacific Contract With Government Provided.

[SPECIAL TO THE GAZETTE] Washington.—House and senate conferences are expected in near future on a bill recently passed by the house, which was originally proposed to congress by Senator Lenroot and which would withhold the approval of the interior to certain land grants to the Northern Pacific railway until a thorough investigation has been made, both by the department and congress, into the contract between the corporation and the government.

The difference between the measure passed by the house and that approved by the senate some time ago are only slight and the conferences are expected to have little difficulty in reaching an agreement. Under the provisions of the measure a joint congressional committee made up of four members each of the house and senate would make an extensive inquiry into the validity and legality of treaties and negotiations with the railroad and into charges that the corporation has violated its contract in many instances.

Allegations have been made that valuable land in Wisconsin and seven other states was erroneously acquired by the Northern Pacific in 1923, when the Wisconsin Academy of Art, Sciences and Letters and the Wisconsin Archeological Society will hold a joint session.

TELEVISION PROGRAM. Pauls.—Dwight Belmore, in an election speech, set forth the proposed program of the new chamber in the way of social and economic legislation.

Afton.—A daughter was born to Mr. and Mrs. Langdon E. White, Tuesday.

## A Perfect Skin

No blackheads, no blemishes ever

By Edna Wallace Hopper

Nine is a perfect skin—a skin which young girls envy. After 40 years as a stage star, I look like a girl of 19.

I owe all this to a rich, ambitious mother, who searched the world for methods to multiply my beauty and to keep her youth. Those helps made me a famous beauty, and they keep me that way still.

Now I have arranged so every girl and woman may have those identical helps. Thus I hope to bring to millions the benefits I got.

My Facial Youth One is a liquid cleanser which I call my Facial Youth. It contains no animal, no vegetable fat, so it cannot grow hair on the face. It cannot assimilate in any way with the skin.

It simply cleanses the skin to the depths, penetrates every pore. When I type it off, all the dirt and grime, all that clogs the skin comes with it.

Clean the skin in the best other way you know. My Facial Youth will still remove much extra grime and refuse.

I cover my body with Facial Youth before bathing. Thus I remove much clogging matter which water fails to get.

Apply Facial Youth night and morning, and whenever else the face needs cleansing. You will never find another way to keep the skin so clear.

One-fourth price The greatest beauty experts now employ this liquid cleanser. Some supply it to dainty women, but at four times what I charge. 25 cents per bottle. Also my Youth Cream—my fruit cold cream. Also my White Youth Clay—the utmost in facial clay. Also my Hair Youth, which brings my luxuriant hair. My Beauty Book comes with each purchase with this. And a clean skin is essential. Edna Wallace Hopper's Facial Youth is now supplied by all druggists and toilet counters at 75 cents per bottle. Also my Youth Cream—my fruit cold cream. ## JOLT HAWAII

[BY ASSOCIATED PRESS]

Honolulu.—Continuance of earthquake shocks in the Puna district of the island of Hawaii opened new cracks in the earth. Some of these are five feet wide and 10 feet in depth.

While the earth gaps open, leaving large fissures resembling shellfish, inhabitants are hastily deserting their homes. Fifty refugees of the area have succeeded in reaching Hilo, reports say.

Two hundred and fourteen shocks in four hours have stricken the natives with panic.

Volcano observatory, near Kilauea, has issued a warning, predicting a lava flow in the Puna territory. However, the gigantic Kilauea crater still remains normal. In Hilo no shocks were registered.

One train stands isolated on a short stretch of track, earth cracks across its roadbed in two directions having severed it from the rest of the railroad system.

**REPORTER "FIRED," SAYS COMMISSION**

Madison—Official announcement of the dismissal of Harry L. Mochman, stenographic reporter, for "gross delinquency" in connection with alleged statements regarding employees of the state railroad commission, was made by the commission this spring.

The statement declared Secretary W. M. Diven of the commission submitted informal charges against the reporter that he had "secretly disseminated untruthful, libelous and slanderous" statements of "alleged unlawful, intemperate and immoral conditions and practices in the offices of the commission."

Mochman is alleged to have admitted, according to the commission's statement, that the charges were false.

A machine perfected recently will measure the 500,000,000th part of an inch.

HOLSTEIN OPPORTUNITY

This consignment represents an unusual quality lot of cattle, which will go to your farm and "make good" both as producers of milk and off-spring. There are no better cattle in Wisconsin.

Rock County farmers will be given reasonable credit to buy this foundation stock. To be frank there are many animals that should stay right in Rock county for show purposes and to build their herds.

The consignment personally inspected from tested herds and rules safeguard buyers, known production, known type and splendid breeding.

But in all events, we want you there at the sale ring. You're busy but it is not every day you have opportunity to inspect such a good lot of dairy cattle.

20 COWS—Most of them fresh or due to freshen near sale time. A splendid lot of cows. Many with cow-testing records and several with good A. R. O. records including a 26 lb. 3 yr. old. Records made this winter. These cows are real producers sired by high record bulls and bred to good bulls. The sale includes 5 young cows of 1 family and is a wonderful opportunity to get real foundation cows, the kind that make money.

28 BRED HEIFERS—A cracking fine lot of heifers, most of them fresh or due right at sale time. Included are several real show heifers. Anyone wanting first calf heifers should surely come to this sale.

13 OPEN HEIFERS—All yearlings and all of breeding age. Selected from some of the best herds in Rock Co. A dandy bunch.

14 BULLS all breeding age, not a scrub in the lot. The list includes 2 sons of the 33 lb. Bull Woodcrest Clyde, 27 A. R. O. daughters and the dam of one of the bulls was a former Wisconsin State Champion Heifer. Most of these bulls are from A. R. O. dams and they are all sired by high record bulls, some of them prize winners at the Wisconsin State Fair last year. If you want a bull, come to our sale and you will not be disappointed.

All cattle are Tuberculin Tested and sold subject to usual 60 day retest. Absolutely no by-bidding.

MILBRANT BROTHERS, Janesville—Splendid five year old cow, sired by a 25 pound bull and bred to a 25 pound sire; six year old cow sired by Maplecrest bull, whose dam had 120 pounds butter, and bred to a 25 pound bull; nice yearling heifer and two good bulls of serviceable age sired by a 25 pound bull and other 21 pound bull. A fine consignment.

JOE MILLS, Evansville—Yearling heifer sired by Snowball Pink Babe with 22 pounds butter.

W. G. PATTERSON, Evansville—Two year old heifer, a grand-daughter of Woodcrest Pinky Clyde, due sale time.

W. J. PESTER, Whitewater—Fine big cow due sale time, and good four year old bred to Tweede bull, 37 pounds.

JOHN W. ROHRINS, Edgerton—Homebred bred cow, due in August; good two year old heifer and 18 months old bull.

L. P. SAUNDERS, Edgerton—Productive cow due to freshen sale time.

GRANT RICE, Milton—Two three year olds, bred to prize show bull of 1923 Rock county herd, one with 20 pound dam.

DR. U. P. SCHAEFFER, Germantown, Wis.—Yearling heifer of Pontiac breeding.

T. J. WOLF ESTATE, Evansville—Two splendid two year olds, due in August, high production backing.

JOHN WALDMAN, Janesville—Cracking good two year old heifer sired by 23 pound bull and bred to 21 pound bull, due in August.

WADE H. WOODWORTH, Janesville—Two year old, slightly marked cow out of 28 pound sire and bred to son of 25 pound bull, due in June.

PAUL BLASER, Brooklyn—Two good young cows, two and three year olds.

To Rock County Farmers:

The Rock County Holstein Breeders' association desires to have as many as possible of these good cattle stay in the county. We need them and more like them. For this reason there will be credit of 7 months to reliable farmers from Rock county on cattle in this sale.

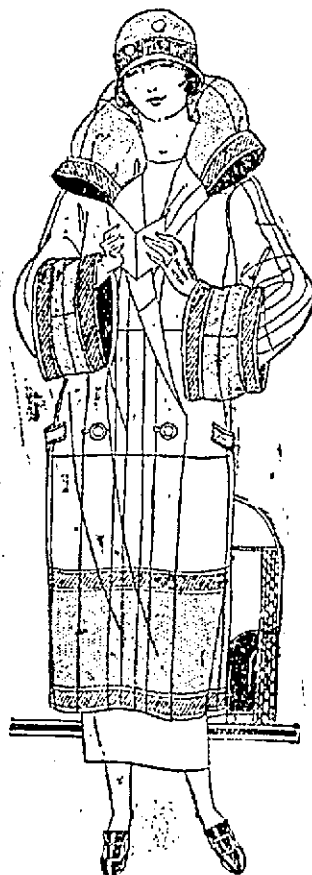

Sale starts at 10:00 a. m. in the pavilion fair grounds. Lunch on the grounds. Auctioneers—J. E. Mack, Henry Wieland and W. T. Dooley. Pedigrees—F. H. Everson. Catalogs Ready, Farm Department, Gazette.

## MARKET COUNCIL

### WILL BE FORMED

Groups of Cooperative Organizations to Be United Into Council.

Madison—Promotion of co-operative marketing and solution of problems of cooperative enterprises will be the aims of the Wisconsin Co-operative Marketing Council which was organized here at a conference of more than 50 farm organization representatives, according to state officials who proposed the council.

Ten groups of co-operative organizations will have membership on the council, under the plans adopted at conclusion of the meeting. Two representatives from each are named as members of the council. They will be the president and business manager of the organizations except in the cases of milk producers' associations and condensers, which will select representatives.

**Invite Organizations**  
The organizations invited to join the council follow: American Cheese Producers' Federation, Foreign Cheese Producers' Federation, Northern Wisconsin Co-operative Tobacco Producers' Association, Wisconsin Creameries Association, Wisconsin Fruit Growers' association, and Wisconsin Potato Growers' association. In addition to these, the Madison, Middleton, Watertown and Milwaukee Milk Producers' associations and Wisconsin condensers were asked to name two delegates from each group. The state commissioner of agriculture and assistant dean of the college of agriculture were named ex-officio members of the council.

**Officers Resolution**  
L. D. Jones, Jr., commissioner of agriculture, was directed to notify each organization of its election to the council and to call the meeting for organization. This will be done in the near future, it was stated.

Differences of opinion developed in the conference when Senator J. D. Seaman of Watertown offered a resolution on the policies of college of agriculture officials toward farm organizations. The resolution was adopted after extended discussion.

## FARM MEETINGS

Tuesday, April 23—Green county Holstein sale, Monroe.  
Wednesday, April 24—Seint-ann Rock County Holstein association sale, county fair grounds, Janesville fair grounds.  
Thursday, May 1—Holstein sale, Lake Mills.  
Thursday, May 1—Meeting Jefferson county Farm Bureau, S. G. Potter farm, Ft. Atkinson.

The conference when Senator J. D. Seaman of Watertown offered a resolution on the policies of college of agriculture officials toward farm organizations. The resolution was adopted after extended discussion.

The co-operative council is declared by officials to be the newest attempt at co-operation between farmers looking toward better production methods and better prices for farm products.

## GRANT COUNTY SELLS MANY DAIRY CATTLE

A good reputation goes a long way.

Last year Grant county sold 1,000 head of cattle to out-of-state buyers. That they gave satisfaction is evidenced by the letters, phone calls, and personal visits that are now pouring in upon J. L. Keenan, county agent. He is reporting contact with buyers from Iowa, Illinois, Minnesota, South Dakota, Canada, and Connecticut, who are after good dairy cows and holders of the Holstein, Guernsey, and Jersey breeds.

**PLAN NATIONAL SALE**  
A feature of the National Dairy show will be the Wisconsin-National Dairy Show sale of registered Holsteins. According to Secretary Oldham, of the Holstein-Friesian Association of Wisconsin, about one hundred fifty head of cattle will be sold and these will be collected from all parts of the United States and Canada.

The sale will be under the auspices of the association. The sale committee is composed of E. J. Southcott, Jr., L. D. Jones and John W. Wright, with Frank H. Everson acting as sale manager.

## DECREASE NOTED IN RASPBERRY ACREAGE

Will Wisconsin eventually have to import all the raspberries for the tasty desserts so popular on her home tables?

So it would seem if the raspberry acreage of the state keeps falling off in anything like the way it has in the last few years. According to L. K. Jones, plant pathologist of the college of agriculture, Wisconsin grew more than 1,500 acres of black and red raspberries in 1923. The 1923 census showed an acreage that barely totaled 130.

Jones attributes the great falling off to the anthracnose disease. Research work along methods of control for the disease together with studies made on the culture of this small fruit indicate that there is no reason why the raspberry should not again take its place of prominence among the small fruits of the state. Fertilization and spraying for the control of the disease is now making it comparatively easy for growers to secure a very profitable return from an acre of raspberries.

"There is no reason why they cannot be successfully grown in any part of the state," says Jones. Most of the raspberries now grown in Wisconsin will be found around Eau Claire, Sparta, and Bayfield.

## REFUSE TO ALLOW CALIFORNIA HIDES TO COME INTO WIS.

Madison, Wis.—Announcement that application for a special permit by a San Francisco tanning firm to import hides into Wisconsin, particularly to Milwaukee, had been denied under the embargo on California products, was made by J. D. Jones, state commissioner of agriculture. Commissioner Jones declared that due to the prevalence of foot and mouth disease in California, the state cannot afford to permit import of products from that state.

Recently State Sanitary Commissioner Larson declared an embargo on all livestock products from California to Wisconsin.

**GOVERNOR'S HERD HIGH**  
Newshel, Wis.—Governor H. H. Henshaw's herd of Holstein cattle, listed as the Austin-Blaine herd in the Rosebush-Fennimore Cow Testing association, was high herd in tests of this association again last month, according to a report received from Henry Austin, in charge.

This herd has led the association all through the year, with one cow and one two year old holding high average throughout.

## Warrant Legal, Is Opinion in Booze Conviction Case

Madison—Convictions secured on search warrants which were based on an affidavit sworn to on information and belief should stand, Assistant Attorney General Messerschmidt held today in an opinion which interpreted the supreme court's decision in the George Baites liquor case from Dane county. The opinion was given to H. H. Fischer, district attorney at Shawano.

The case on which the ruling was based involved search of a soft drink parlor in which the owner is alleged to have resisted the sheriff and his deputies. The owner was found guilty of resisting the sheriff. The legal department declared that under the Baites case, the search warrant sworn on information and belief by affidavit is legal.

This opinion further declared that a minor under 20 years of age who purchases liquor at a sheriff's request should not be prosecuted under the Severson law, holding that the minor might be considered a special agent.

## No Preferred Claim in Bank Case, Is Opinion

Madison—The federal government has no preferred claim against assets of a state bank in the hands of the commissioner of banking unless the bank is taken over by a voluntary surrender of assets by bank officials, by absconding of an officer or by act of bankruptcy committed by the bank, Deputy Attorney General H. M. Bleser today advised Dwight T. Parker, state bank commissioner.

**CONFERENCE RESUMES**  
London—The Anglo-Russian conference, looking to the settlement of diplomatic and financial questions affecting England and Russia, resumed sessions after the Easter recess.

## Rule on Proceedings in Bank Dissolution

Madison—Proceedings for dissolution of a bank should be taken by filing a certified copy of a resolution of dissolution with the secretary of state and a certified copy with the

register of deeds, unless a different method is provided by articles of incorporation of the bank. Assistant Attorney General Melintosh ruled today, in an opinion to Secretary of State Zimmerman. The ruling was in regard to dissolution of the Bank of Minnqua.

**drive a powerfull car!**

No time for feeble power impulses to spit and sputter! You want a power-FULL car to accelerate your way to safety! You can depend upon Super-Gas and Champco Motor Oil in every emergency because—

Super-Gas makes possible quick, steady response in all motors. The full-powered explosions thrust the piston steadily throughout the entire stroke.

Champco Motor Oil provides that essential film of lubrication between the piston and piston rings and the cylinder walls. Full power is kept in its proper place in the face of seething, searing heat and friction. Power can't force its way beyond the piston, and dissipate itself and the oil.

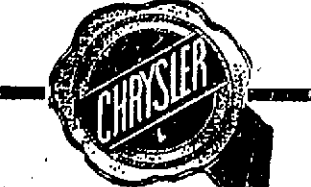

Safety First—means using Super-Gas and Champco Motor Oil first, last and always. You secure double protection—quickness in the pick-up, power in the pull, speed in the straightaway—and a perfect film of lubrication between moving parts that reduces friction wear and repair costs to a minimum.

The Chrysler Six—the most discussed new car of 1924—is here. The beautiful Chrysler is ready for inspection in our showrooms. Demonstrations which are bound to establish its undoubted supremacy are now being booked. Make your arrangements for an early test of America's first quality light six. Here are some of the sensational qualities which a Chrysler demonstration will reveal:

- Top speed, 70 miles per hour, and over.
- Gasoline mileage safely over 20 miles per gallon.
- Two to seventy miles per hour "on high," absolutely without vibration.
- Ample room for five large adults, with over-all length of only 160 inches.
- 68 Horsepower from a motor of 3-inch bore.
- Riding comfort of a two-ton car, with a road weight of less than 3000 pounds.
- Easiest steering you ever experienced.
- The perfect safety and control of Chrysler-Lockheed hydraulic four-wheel brakes.

You have never seen or ridden in a car like the Chrysler Six—as you will enthusiastically agree when you have enjoyed a Chrysler demonstration ride.

## A Farmer Comes to Town

COMMENT ON THE INTERNATIONAL SUNDAY SCHOOL LESSON FOR APRIL 27, 1924.

Read Amos 6, Hosea 6, WM. SOUTHERN, JR.

A few years ago in California all efforts to raise marketable figs failed. There was something wrong and large investments in orchards were just profitable. The climate was right and the stock was right, but the result was not right.

Some years ago Mr. George C. Reading of Fresno, California, introduced into the California fig orchards the fig wasp, called the "Blasto-phaga grossorum." It secured from the Mendocino Valley, Asia Minor, where the fig was originally from. All figs of the fig type require pollination by this wasp. Since that time California has been producing the finest marketable figs.

If the Californians had turned to leave town and then the High Priest of Amos would have solved their problem more quickly. Amos was a farmer who specialized in figs and was a prophet in a certain kind of sheep which produced a very fine and much desired wool. Amos might have been properly called a "fig-dancer." In leading his figs one of his duties was to check the top of the figs so that the fertilizing wasp could do the work intended by nature and the crop mature. (There in the Bible was the solution to the California fig problem to be had from the reading of the old book.)

While Amos was a farmer and his flock, that with the money he had accumulated himself by reading and study and was a very devout Jew. One day he went into the town of Bethel to sell some of produce and probably was cheated in weights and shortchanged. He did not take it lying down, but got him a goods loss and stood on a street corner and denounced the people of the cities. His indictment of the evils and the luxuries reads like it might have been used in the recent campaign in North Dakota. He did not ask for a protective tariff for his figs or for his wool, but told the city people what was going to happen to them when God, who was all powerful and was everywhere, should bring them to judgment.

Amos told them they were drunkards, not satisfied with drinking wine from ordinary places they got great bowls and swilled it. He told them that with the money stolen and taken by force from the poor farmers they had winter homes and summer homes and slept on great beds inlaid with ivory. He called attention to the damre music, called it the twitting of lute songs. This must have been what we call jazz music. He especially indicted them with riding short weights in trade and with using false measures and told them that there was no justice in the courts and that the whole system was filled with graft.

Amos was not allowed to get away with this for the High Priest Amos was sent for and ordered Amos

own souls and are able to see the fifth which has accumulated.

If Amos was in the United States today he would probably say: "Wave unto them that deal in oil corruptly."

"To them that betray the trust imposed upon them in high places, to them that corruptly manipulate politics."

"To them that rob the treasury reserved for the war injured!"

Amos and Hosea plead for honesty and integrity in office, for the soul of religion, not the formality of creed and ritual. He foretold as did Hosea and Isaiah the ruin of the nation and the inevitable destruction of all power which does not come from God and from righteousness, justice and right living.

We need an Amos and a Hosea today. If they were here we would probably do just as did the High Priest Amos at Bethel 800 years ago, declare them to be bores and put them in jail.

Read Amos and Hosea and think it over.

There is no Safe Substitute for True Gasoline

Good Gas Isn't To Be Laid Off with Your "Heavies"

ALONG with the springiness of spring and the open season for B.V.D.'s, you'll find an occasional motorist developing a wrong philosophy. Carried away by the vernal impulse to change things, he persuades himself that good gasoline is just an extra winter comfort, safely to be laid aside in warm weather in favor of something thinner—and supposedly cheaper.

Not a bit of it! You know that motor fuel too poor for cold weather use can't assume new qualities merely by the rise of a few degrees of outer temperature. No summery fluctuations of the thermometer can remove the harmful excess of free carbon, and raw, slow-burning content of rank kerosene that makes it almost unusable in winter.

**Wadham's**  
True Gasoline

—alone can represent true efficiency and true economy. By nature it is a true motor fuel, not a substitute. Its rich materials and honest manufacture automatically hold it free from all excess carbon, all kerosene, all tendency to sulk at ignition or falter in explosive power. In every mile of summer travel it is expressing in smoothness, mileage and motor conservation the qualities that winter brought to the surface.

## Refrigerator Special!

Our Northland Refrigerators Are Positively Guaranteed

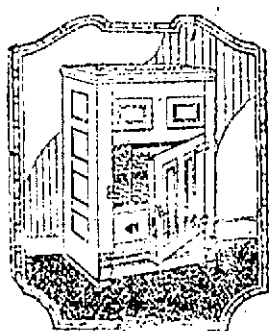

There are a lot of things about the "Northland" refrigerators that recommend them to you—First of all they are positively guaranteed—they are so well constructed, so perfectly insulated, with such tight fitting doors, and with the correct ventilating system, that they do the work they are supposed to do, and do it with the least possible ice.

They are good to look at, easy to keep clean, and so well made that they will give years of service.

Our policy of buying direct from the makers, cutting out all middlemen's profits works to your advantage in Refrigerators as well as all other home furnishings.

## HUGHES LIKELY FOR TEMPORARY CHAIR

N. Y. Convention Speech Wins Place as Leader for Secretary.

By DAVID LAWRENCE  
Copyright 1924, by the Janesville Gazette—Special Correspondence to the Janesville Gazette.  
Washington—Charles Evans Hughes, secretary of state, seems at the moment the most likely choice for temporary chairman at the republican national convention at Cleveland.

Mr. Hughes made an enthusiastic address about the necessity of nominating and electing President Coolidge. There is a feeling that Mr. Hughes could make a keynote speech at the national convention at Cleveland which would arouse the delegates to enthusiasm. With the exception of Henry Cabot Lodge, senior senator from Massachusetts, who is the leader of the senate, nobody ranks as high in the service of the party as Mr. Hughes. The fact that Mr. Coolidge comes from Massachusetts makes it politically unwise to name a man for temporary chairman from the same state. There is some talk about the possibility that Senator Lodge may make the speech placing Mr. Coolidge in nomination.

Demagogue Politics Growing  
Meanwhile the discussion of democratic politics continues to grow in interest. Most of the editors and publishers assembled at New York this week, for instance, were asking each other to guess the next democratic presidential nominee. Naturally with the republican race closed to President Coolidge, there is an inevitable interest in the democratic contest. One found many persons from different parts of the country ready to admit that Mr. McAdoo could not be nominated because of the opposition his name would meet. Undoubtedly the editors with whom the correspondent talked felt that the first fight would be on McAdoo, that he would either develop greater strength on the first few ballots or be eliminated quickly. There seems to be no idea that anyone else in the race will bear the brunt of the official balloting.

After that, Ralston.  
Next to McAdoo, the talk is of Senator Ralston of Indiana. While many insist that he cannot be nominated because of his advanced age, there are other who think Governor Al Smith's wet views will disqualify him. Yet the champions of both Ralston and Smith are cocksure they will be a stampede in the direction of their favorite. The name of John W. Davis is mentioned more frequently than anyone else with the possible exception of Senator Glass of Virginia as a possible compromise candidate.

At first the republican leaders thought it would be a wise thing to cater to some of the western sentiment by choosing a man of agricultural affiliations, but while there are many names acceptable the decision will turn on the question of prestige inside the party. President Coolidge, of course, will have more to say than anybody else about the choice of a temporary chairman. The president's speech in New York significantly pointed to the reinvigoration of the secretary of state. Also, a week ago

though many of the democratic editors interviewed in New York felt sure Senator Underwood of Alabama would win if the party went south of the Mason and Dixon line for a candidate. Mr. Underwood is held in high esteem and if he hailed from a northern state his nomination would be a foregone conclusion.

Long Drawn Out Convention  
Sentiment in favor of any one man has not crystallized so far as the opinions of editors from many parts of the country would seem to indicate. But all seem to expect a long drawn out convention of the democratic, with plenty of balloting and excitement, such as characterized the sessions in 1912 at Baltimore and 1920 at San Francisco.

## FREE MEALS ARE DISCONTINUED

Chief Charles Newman announced Tuesday that the serving of free breakfasts to "doppers" will be discontinued after Friday. He is making an earnest effort to rid Janesville of binges and daily visits are being made by the police to break up camps along the river. Railroad men reported that there were close to 150 hobo's in the vicinity of Milton and Milton Junction, Wednesday night, while only one "dopper" was reported at the police station here. In the northern part of the state it is reported that women hobo's can be found riding the trains.

Vestry Entertained—The Rev. Henry Williamson entertained members of the Trinity church vestry at a dinner at his home, Wednesday night.
